

ATPS Engineering Private Limited

ENGINEERING

SERVICES

DISTRIBUTION

- ◆ Parts Distributor of Leading Brands.
- ◆ Design & Reverse Engineering
- ◆ Pioneer Service Provider for Transmissions, Brake & Hydraulics.

ATPS commitment to customers

- ◆ Serve Superior Quality Products
- ◆ Inventory Management & Timely Delivery
- ◆ After Sale Service Support

ATPS is the authorized Service Partner of ZF India Pvt. Ltd

The key responsibilities of ATPS are Aftermarket Service Support

Warranty Service support

Parts Distribution

Supply of New / Reman Assemblies.

Product Training & Technical Support

One stop solution for complete range of ZF products

ZF - WG Transmission Services

ATPS is a certified service partner trained by ZF, featuring a state-of-the-art workshop fully equipped with advanced diagnostic tools and specialized test rigs. ATPS delivers efficient service solutions for Zf aggregates fitted with Wheel Loader, Motor Grader, Backhoe Loader, and Material Handling Equipment.

Major OEM - ZF Aggregates

ZF - Axle Parts & Services

ATPS Service Team is well trained to handle Services of Zf Axles fitted with various types of machines

MTG - Tandem Axle - Motor Grader

MTL/ AP Series Axle - Wheel Loader

MSB/MTB Axle - Backhoe Loader

We keep good inventory of Parts, ZF AXLES are used by most of the construction Equipments manufacture.

ZF - WG Transmission Services

ATPS maintain very good inventory of complete range of Zf Genuine spares, more than 1000 part nos are ready stock belongs to WG series transmissions.

Use Genuine Zf Parts and achieve the maximum performance & Life

House of Transmission Services

One stop solution for all Make & Model Transmission Services

A fully equipped workshop which is being handled by trained & experienced service team.

Testing facility available for ALLISON, AVTEC, KOMATSU transmissions and various model Transmission Control Valves.

Repair and reconditioning jobs are being carried out as per OEM manufacturing standard.

Technical skills of Service team is being reviewed periodically and trained the Service Team to update with the latest market technology and models.

Hydraulic Cylinder Reconditioned & Services

ATPS carry out reconditioning of hydraulic cylinders for mobile equipments, we bring it as new even the failed unit which considered to scrap condition can be transformed as like new.

Cylinder are being assembled with premium branded seals, and put under Leak & Pressure Tests. Reconditioned cylinders are ensured for maximum life span.

Excavator Pump - Parts & Services

ATPS overhaul Kawasaki pumps model K3V, and K5V Series fitted with various Make and Model of Excavators like Hitachi, JCB, Hyundai, Kobelco and Volvo Excavators

Also we keep huge inventory and supply genuine FLUTEK Kawasaki Korea Pump parts

Dumper Rear Wet Brake & Front Caliper Brake Parts & Services

ATPS is the authorized Service Partner and parts distributor of CARLISLE Brake friction and products.

ATPS undertaking major service and overhauling of Front Caliper brake and Rear wet brake fitted with various model Of Dump trucks

ATPS is the distributor of CARLISLE Brake Master Cylinder, Who is pioneer in the Hydraulic Brake System. Master Cylinder available for backhoe loaders.

JCB, L&T CASE, TEREX, MAHINDRA, BULL, TELCON, ESCORTS & CAT.

Wabco Air Brake Parts & Products

ATPS is the authorized Service Partner and product supplier of Wabco Brake parts.

The ranges are Air Brake system Product & Parts For all model Vehicles

excellence in motion control....

Complete range of Premium Push Pull cables like Engine Throttle/Stop, Transmission control/Modulator, Gear Shift Cables, Hydraulic Control, Knobs, Levers, Ball Joints available for Transit Mixer, Concrete Pump, Compactor, Grader, Wheel Loader, Dumper, Fork Lifts, & Cranes

Less Backlash & Immediate response More Flexibility & Smooth Movement Fit and forget

ATPS supply complete range of DANA Axle Parts and Provide Services which are fitted in various model fleets, Wheel Loader, Soil Compactor, Self Load Concrete Mixer Machine.

Filters - Complete Solution

ATPS is authorised distributor of PARKER – Baldwin Filters, We provide complete solution for filter requirements.

Engine Air Cleaner, Fuel, Water Separator & Oil Filters

Hydraulics Strainers, Breathers, Return and Pressure Filters

Transmission Pressure filter & Breathers

Save Money, Better Efficiency, Less Change - Outs

Centrifugal Air Pre-cleaners

ATPS is the distributor of Racor – USA engine air pre-cleaner Heavy duty metal body pre cleaners are available for the all Make and Model engines.

Features and Benefits:

- ◆ Separates up to 85% of incoming contaminant.
- ◆ Greatly Extends air filter life.
- ◆ Lower cost per operating hour.
- ◆ Available various size and capacity.

Fuel Dispensing and Transfer Filtration System

Parker Racor's FBO assemblies are specifically designed to meet filtration requirements, Common applications include: mobile refuelers, refueling cabinets, fuel dispensing pumps, large diesel engines, bulk fuel handling, and fuel transfer.

Coalescer/separator filters are a two stage element that removes water and contaminants from diesel fuel streams and output of fuel 95 lpm

SAVE Engine FIP System & Money

PARKER Hydraulic Pumps & Motor

ATPS distribute Genuine PARKER original fitment Hydraulic Gear Pumps for all model off road machines.

Eaton/ Danfoss - Valves - Distribution

ATPS distribute original fitment Steering Orbitrol Valve
Priority Valve
Transmission Solenoid Valve
Seal Kits

Hydraulic cylinder seal kits & Sealing Solutions High Sealing Technology

ATPS distributes Seal Kits for all kind of Hydraulic Cylinders, We supply OEM quality High Sealing Technology Seals.

ATPS Seal kits are assembled with premium branded Seals.

Also we supply complete range of Oil seals, O Rings & Kit boxes

Operator Seats - Parts & Services

ATPS is the distributor of Harita Seating, who are Pioneers in the industries of operator Seat Manufacturing and OEM supplier.

Original fitment seats are available for all Model / Type machines

Customized Tailor made Pneumatic seats are available which suits for all model fleets.

MINDA Electrical Products

ATPS distributes complete range of UNO MINDA products belongs to heavy commercial vehicles like Backhoe Loader, Wheel Loader applications

Lever combination switches

Ignition Switches

Battery Master Switches

Head Light, Flood Lamp LED

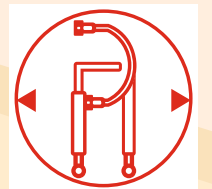

Pivot Pin & Bushings - ATPS

ATPS manufacturing and supplying engineering components in the name and style of FPHE.

We manufacture complete range of Pivot Pin and Bushing for all kind of mining equipment's.

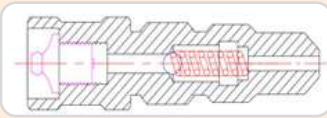

Selection of Raw material and process followed as per OEM specified standard for Pin and Bushings, that will ensure the maximum life and rate are most competitive.

Taps Drive Engineered Products

ATPS manufacture Heavy equipment's products and distribute in the market Tapsdrive name. Each products are highly engineered, quality controlled, and ensure high performance and longer life.

Tapsdrive Distribution - Products

ATPS distributes premium original parts in the name of Tapsdrive, Tapsdrive ensure the quality at par with OE supply with most competitive price.

Assured OE Standards. Trusted, Proven Performance

Wet Friction Disc - Distribution

ATPS supply OPM Wet friction Dia 50mm to 1000mm of various types and applications needed for Transmission, Brake & Final Drives

- Internal and External Disc
- Steel Disc
- Friction Disc
- Paper, Carbon, Sintered Bronze, Graphite, Cork

One stop solution for wet friction More than 300 part nos are in stock

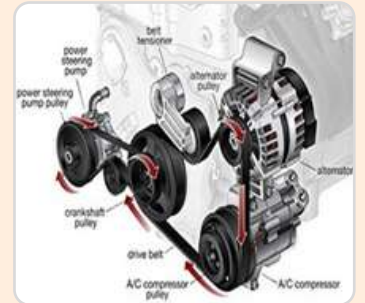

Maximum power transmission and lesser wear

ATPS provides complete solution for Engine Fan Belt & Tensioners.

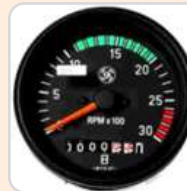

AC Drive Banded Belts

ATPS distribute original fitment Gates

Belt, Tensioner, Idler Pulley & Kits for all model Leyland, TATA, Bharat Benz, VECV Trucks & buses

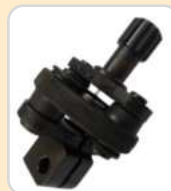

ATPS distributes Pricol gauges for all application ranges are Instrument Cluster, Pressure Gauges, Hour / RPM Meters, Sensors / Transducer, Switches / Magnetic Pickup, Ammeter / Temperature gauges, Speedo / Tacho Meters

Propeller Shaft & Parts - Distribution

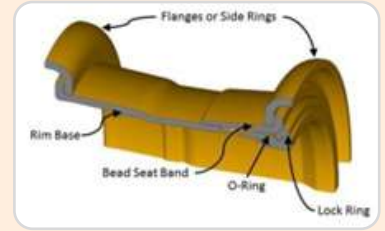

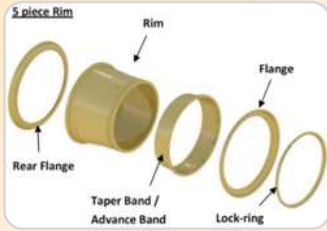

ATPS distributes MSL drive line products. Propeller shaft, UJ Kits and parts are available for Wheel Loader & Backhoe Loader applications

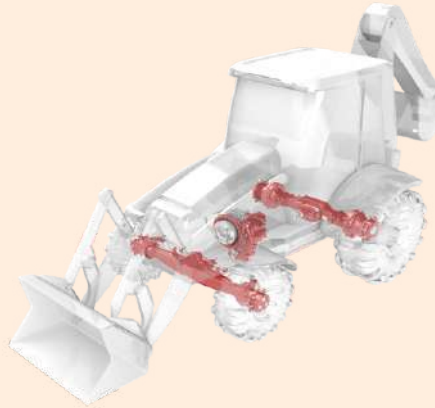

Wheel Rim Assembly- Distribution

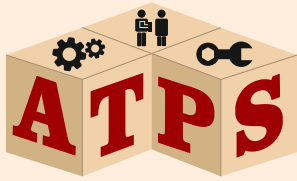

ATPS is the distributor of Wheels India, Complete range of OTR Tyre Wheel Rim Assembly available for all model off Road Equipment

ATPS is the authorized distributor of CARRARO India Ltd. ATPS provide Services and Supply parts for the Carraro Aggregates, Axle and Transmission fitted with various model backhoe loaders like L&T CASE, TEREX, MAHINDRA, MANITOU, TELCON, ESCORTS, BULL & CAT.
